

# COX WILL OPPOSE HARDING

## LEAGUE VOTE IS LESS THAN HALF STATE'S TOTAL

Frazier to be Minority Candidate, Democratic View, as Fight is Planned

### TOM HALL LED HIS TICKET

He is Nominated With Vote Close on Kositzky, Steen and Other Candidates

Governor Lynn J. Frazier will go into the fall campaign a minority candidate. This apparently was assured today as retabulations were made on unofficial mail and telegraphic returns of county auditors of three-fifths of the counties in the state. The Democratic vote in the state, it is estimated on the basis of returns already received, will be from 10,000 to 12,000, and the total Democratic votes and independent Republican votes will exceed the total of votes cast by the Nonpartisan league.

The Democrats, according to word received here today from Grand Forks, the home city of J. F. T. O'Connor, Democratic candidate for Governor, are elated over the decrease in the Frazier majority over his 11,000 majority in the primary two years ago, and intend to make a vigorous campaign to elect Mr. O'Connor.

### HALL PROBABLY NAMED

Thomas Hall, who has served four terms as secretary of state, probably is nominated as independent Republican candidate for the fifth time over J. I. Cahill, his Nonpartisan league opponent.

In 1,412 precincts Hall led Cahill by 6,270 votes and in approximately the same number Wood, Nonpartisan league candidate for lieutenant governor, was leading Cahill by 2,271. Hall probably is nominated by a small margin.

Governor Frazier's majority mounted as northwest counties were heard from, but some of the strong Nonpartisan counties in the northwest part of the state have not yet given complete returns nearly a week after the primary.

The Frazier majority was 5,001 with 1,900 precincts out of 2,064 heard from. Carl Kositzky is running ahead of Langer's vote, as is John Steen and Richard Gallagher, and if they lose, it will not be by more than 2,000 votes. It is indicated with fairly complete returns from all sections of the state.

The race for United States senator is close. With less than 100 precincts out Ladd had 46,311 votes and Gronna 44,977 votes.

Miss Minnie Nielson is ahead of Ruth M. Johnson for the nomination for superintendent of public instruction by 4,400 in the same 28 counties, with the women's vote in many of them not counted.

The majority against the smelting committee in the same counties is 7,000, it is 7,000 against the absent voters' amendment, 14,000 in favor of the anti-fur law and 9,000 against the state sheriff act.

## RAIL MEN WILL PASS ON AWARD OF WAGE BOARD

Chicago, July 6.—More than 1,000 officials of the 16 railroad brotherhoods will meet in Chicago July 19 to pass on the wage award of the United States railroad labor board.

This became known when a telegram in this effect was received by the brotherhood chairman on all lines running out of Chicago. It was originally planned to call only the executive officials into session but the change was made to cause the wage award to be passed on by men in actual touch with the workers, the chairman said it was also said that a pronouncement of the men will be made by the conference after the award has been scrutinized.

## NASH ACQUITTED IN WHISKY CASE

Minneapolis, July 6.—William M. Nash, temporarily suspended as Hennepin county attorney, was acquitted by a jury in United States district court on a charge of complicity in the Winnipeg-Minneapolis whiskey conspiracy case.

Removal proceedings against Nash will be resumed at the state capital here Tuesday morning. Governor Burnquist announced. Nash was suspended by the governor on charges of bribery in connection with the whiskey smuggling case. The ouster proceedings were halted temporarily while the governor attended the Republican convention.

## TOWN CRIER AT LAST QUILTS JOB

Provincetown, Mass., July 6.—Provincetown's town crier, said to be the last of the profession in America, has hung up his bell and announced that he has cried his last message. For 22 years Walter Smith has plodded two miles of the town's only street announcing the time and place of events of interest, from sales of fish to the election of a president.

Now, in his seventieth year, he says he is through, and there is no one in sight to succeed him.

The old crier's last cry was for the reopening of the Church of the Pilgrims founded in 1714 and which had been closed for a year.

## YOUNG RUNS FAR AHEAD OF TICKET

Valley City, N. D., July 6.—The returns upon congress, second district, North Dakota, are now all in with the exception of a few outlying precincts which will not materially affect the result. From these returns, received from the county auditors, it is found that Young has a majority of 2,227. The scattering returns unreported in some of the counties may reduce this lead somewhat, but after liberal allowances against this there will be over 2,000 majority for Young. Governor Frazier's majority in the second is over 3,000, which means that Young runs ahead of his ticket 5,000.

## SLAUGHTER OF RUSS FORCES IS ANNOUNCED

London, Dispatch Says Less Than 150 Escaped Out of 18 Regiments

London, July 6.—The British war office today gave out a message the source of which was withheld saying that the cavalry of General Wrangel, anti-Bolshevik commander in southern Russia, had encircled a Bolshevik cavalry, consisting of 18 regiments on which the Wrangel forces concentrated a fire from armored trains and airplanes.

The message declares only 150 of the Bolsheviks escaped, 1,000 prisoners being taken and the battlefield left covered with dead. In addition 40 guns were captured.

The message adds that a second Bolshevik cavalry corps with its staff also was captured by Wrangel's forces.

Polish forces between the Beresina and the Dnieper, having defeated the Bolsheviks, are now fighting the Russian Bolsheviks according to an official statement issued at Moscow and received here today.

## GIRL INJURED BY EXPLOSION OF FIRECRACKER

Alice Crawford Escapes Serious Injury in Fourth of July Celebration

Alice Crawford, the fifteen-year-old daughter of Mr. and Mrs. John Crawford, was slightly injured Sunday, July 4, when a firecracker exploded in her hand. She was taken to the St. Alexis hospital where her injuries were treated.

She was shooting firecrackers with a few other children when the fuse of one burst down without exploding. She picked it up to examine it when the powder blew off, slightly injuring her eyes.

After being treated at the hospital she was taken to her home.

## DIRECT WIRE TO SOUTH AMERICA PLANNED BY W. U.

Chicago, July 6.—The Western Union Telegraph company announced today that it would have direct communication established between Chicago and Buenos Aires shortly. Most of a 7,000 mile line has been laid, the new cable to be put in from Miami, Fla., to the island of Barbados in the West Indies and then on to Maranham, Brazil, connecting with the land lines. The cable to be laid total 3,000 miles.

The company officials stated that they have secured a concession for laying a 3,000 miles cable along the west coast of South America, competing also with a British and an American cable.

At the present time messages to the east coast of South America must be sent to London and thence back across the Atlantic or else down the west coast of South America through the Andes and back northward to destination. It was remarked.

## WEATHER REPORT

For twenty-four hours ending at noon Tuesday, July 6.

## HOLDS JAPS ARE BOLDLY PUSHING SIBERIAN "WAR"

Correspondent in China Declares Arrogant Conquest is Going on Unheeded

### GREAT POWERS KNOW IT

Sees Japan Reaching Out for Control of Great Territory in the Far East

BY JACK MASON, Manager, Far Eastern Bureau, Newspaper Enterprise Association.

Shanghai, China, July 6.—Behind a screen of strict censorship, Japan is boldly, arrogantly, pushing her project to conquer and absorb the maritime provinces of Siberia. A real war of aggression is in progress, comparable to that begun by Germany in 1914. It is like the Prussian attack both in the ruthless methods used and in the great natural richness of the wide territory coveted by the invader.

This war is being conducted on the flimsy pretext of a "friendly occupation" to restore law and order. It is actually a grim and terrible drive to spread the confines of the Japanese empire.

Powers know, but do not act. The governments of the United States and Great Britain are fully informed of its progress and purposes. They know, because they have secret intelligence agents scattered throughout the Far East.

Thus far, however, they have taken no steps to thwart Japan's aggressive purposes, nor even to inform their peoples of what is going on.

Japan's conquest, for so-called law and order, for security, from interruption for interference, because she thinks the United States, Great Britain and other allied powers are up to their necks in their own domestic problems, and in the general European mess, nearer home.

From private sources of the utmost reliability I have received information about Japan's war in Siberia that should open the eyes of the world. It comes by secret channels from Vladivostok, which Japan sought to shut off from the world's view.

The facts I present cannot be gained or denied. The various foreign governments cannot make public the reports of their own secret agents without proving all this and much more which I cannot tell at this time without going beyond the positive information at hand.

Japan's new war in Siberia began late in the night of April 4 with the capture of Vladivostok from the Russian provisional government. It was accomplished by a victorious coup d'etat against provincial officials with whom Japan had been dealing on a supposed basis of friendship and peace.

Shot Down in Streets. During that night, and succeeding days, hundreds of peaceful, inoffensive civilians were shot down in the streets of Vladivostok and other Siberian cities. The total dead numbered thousands—how many thousands no one ever will know.

Most of the dead were unarmed men, women and children who happened to be in the streets, and who offered no resistance.

Many of the dead were buried secretly by the Japanese to conceal as far as possible the direct evidence of unprovoked, wholesale murder.

In at least one instance, where hundreds were killed, THERE WERE NO WOUNDED.

The coup d'etat was planned with military cunning. It was executed without a hitch. It was a complete surprise. In this it was typically Japanese, like the attack, without notice, by which Japan began her war against Russia in February, 1904.

Japanese soldiers now rule the occupied territory with an iron rod, mercilessly in severity, intended to wipe out all hope of resistance.

Expect Race War. The prize Japan seeks is great. It is a very large stretch of territory, bordering the Sea of Japan, the Gulf of Tartary and the Sea of Okhotsk. It has wide areas for colonizing Japan's crowded millions. It has great wealth of mineral resources for Japan's rapidly expanding industries.

In Japanese hands this Siberian territory will be an inexhaustible storehouse of military supplies for a war of world conquest, as well as a great breeding ground of human cannon fodder for such a war.

Only three things may stand in the way of Japan's success in grabbing eastern Siberia.

ONE—The desperate resistance of the sturdy, patriotic Siberian peasants, who will fight against Japanese domination to the point of extinction.

TWO—Possibility of financial panic, industrial depression and popular revolt of the Japanese people at home, struggling under a terrible burden of taxation.

THREE—Bold action by the governments of the United States and Great Britain, and perhaps others, acting in concert to order Japan out of Siberia, and China, forever.

## DEMOCRATIC CANDIDATE

James M. Cox was born at Jacksonburg, Butler county, Ohio, March 31, 1870. He had a public school and high school education. His early life was spent working on a farm and attending school. His parents were not even comfortably supplied with money and young Cox "had to work for all he got."

While still a boy he became printer's devil on a Cincinnati newspaper, and then after a short season teaching school became a reporter on the Cincinnati Enquirer.

Bought Dayton Paper. His shrewd appraisal of men and things won him favor in the sight of Paul Sorg, millionaire tobacco man, and when Sorg was elected to congress in the 90s Cox became his private secretary. That was the Ohio governor's real entry into politics.

## OHIO GOVERNOR NOMINATED BY DEMOCRATS ON 44TH BALLOT IN SPECTACULAR CONVENTION FIGHT

Palmer's Withdrawal Gives Democrat Over 700 Votes and Nomination Then Follows by Acclamation—McAdoo Forces Go Down Under Steady Gains of Ohio Executive Who is Named for Presidency Against Ohio Senator—Nomination Comes at 1:40 A. M. This Morning

San Francisco, July 6.—James M. Cox, three times governor of Ohio, was nominated for the presidency early this morning by the Democratic national convention in the breakup of one of the most prolonged deadlocks in the history of Democratic conventions.

It took 44 ballots to make a choice and it was not until the 38th, when Attorney General Palmer released his delegates, that the long succession of roll calls showed any definite trend.

In the turnover of the Palmer delegates Cox gained the advantage over William G. McAdoo and that advantage never was lost. With its choice made the convention adjourned until noon today to name a candidate for the vice-presidency.

Should it be decided to give second place on the ticket to the east Franklin D. Roosevelt, of New York, assistant secretary of the navy, seems to be a favorite. If the nomination goes to the west there are several possibilities talked of.

Supporters of Governor Cox won by persistent driving on the McAdoo and Palmer forces in many states throughout a long series of shiftings and rallies which left now one and then another of the candidates in the lead.

## COX KISSES WIFE WHEN NOMINATION NEWS IS RECEIVED

Dayton, O., July 6.—Governor James M. Cox, who was nominated for the presidency by the Democratic national convention, decided to make a statement regarding his victory until after he received notification from the convention.

The Governor received news of his nomination in his newspaper office, the Dayton News, surrounded by fellow newspaper workers and a few relatives and intimate friends.

When the Associated Press flashed the news of his nomination his first act was to cross the room and kiss his wife. He then left the building and went just a few blocks to the home of his oldest personal friend, John A. McMahon, aged 87, dean of Dayton lawyers to whom he wished personally to give the news.

Mrs. Cox was highly elated over the nomination of her husband and immediately sent a telegram to her father, Thomas Blair, of Chicago.

Governor James M. Cox today sent a telegram to the Democratic national convention at San Francisco announcing his nomination and thanking the convention.

## SPEND \$100,000 TO MAKE STATE FAIR A SUCCESS

Compares Favorably With State Fairs of Other Northwestern States

Fargo, July 6.—The cost of this year's North Dakota State fair will be over \$100,000. The exposition will compare favorably with the Iowa, Minnesota and the Texas fairs, which are admittedly the largest in the country.

Nearly \$40,000 has been expended in improvements since the fair closed last July. In addition the state fair management is offering \$39,500 in prizes which together with the expenses the week of the fair will bring the sum well over the \$100,000 mark.

Hundreds of thousands of dollars worth of cattle, swine, sheep and poultry will be shown. The managers of the city and the state and the nation will be represented by the largest implement, machinery and automobile exhibits ever seen in the northwest.

Forty-Five Quality. Forty-five young men qualified for the stock judging contest which will be held on Friday, July 16.

Boys and Girls' club work will be exhibited in their own space, the main floor of the grandstand. Special demonstration will be made by the teams from the prize winners in the Agricultural show will be staged by Mrs. Louise Campbell. This will be in the Agricultural building.

In the harness events on Tuesday, Wednesday, Thursday and Friday there will be keen competition for more than 100 head of the best racing stock in the Northwest is expected to be entered.

The crowning event of the night show will be the fireworks spectacle "The Siege of the Dardanelles."

SHOE FACTORIES CLOSE. Lynn Mass. July 6.—Shoe factories employing upwards of 4,000 persons shut down today for two weeks because of market conditions. The principal plants affected were those of A. M. Clayton and Company and the A. E. Little Company.

(Continued on Page Three)

# HOPPERS HELD BACK BY RECENT HEAVY RAINS

Entomologist for Agricultural College Sees Benefit Also in Poison Attack

Stewart Lockwood, entomologist for the state agricultural college, was in Bismarck, Tuesday, looking over the grasshopper campaign being waged in this county. He stated that the rain during the past few days, over the entire state had checked the grasshoppers for the time being.

The grasshopper poison is proving a great help in controlling the hoppers and is being used in large quantities. In a few cases, Mr. Lockwood stated, the poison did not kill the hoppers as expected. In some cases the arsenic had not been mixed with the bran and in other cases the poison had been applied before a rain.

In checking up one field, where the poison had failed to work, Mr. Lockwood found that the poison had killed the hoppers, but that a new batch had sprung up. More poison was needed.

At the present time the Mouse river valley is suffering more than any other section of the state, but the farmers are well organized in most cases and are putting up a fight to save the crops.

While the hoppers have not done as much damage as they did last year, they should be poisoned while they are young or the late crops will suffer severe damage. Mr. Lockwood praised County Agent Geo. W. Gustafson for his efforts in organizing the farmers against the hoppers.

# WOMAN SEEKING NEW CITIZENSHIP

Goshen, Ind., July 3.—The Elkhart county health department here was today requested by the department of vital statistics in Washington, D. C., to supply data concerning the birth of Madge Wickham-Von Koppen of Berlin, Germany, formerly of this city, who apparently is making an effort to regain American citizenship. Thirty years ago Madge Wickham, born here in 1872, was a famous violinist. She later became the wife of Baron von Koppen of Berlin.

# ONE SLAIN, 4 HURT, IN FIGHT

Dublin, Ga., July 3.—H. L. Jenkins, wealthy farmer and former mayor of Cadwell, a town twenty miles from here, was killed, and four other men were wounded in a pistol duel between members of rival political factions Saturday night, according to reports received today. Residents of the town said the controversy started some years ago over the location of the railroad station.

# URGE 8-HOUR DAY FOR ALL SEAMEN

Genoa, Italy, July 3.—The commission of the International Seamen's Conference which has been examining into the question of an eight hour day and a forty eight hour week on ship board voted 17 to 13 in favor of the proposition.

Those opposed to the measure were Government delegates from Great Britain, India, Norway and Sweden and nine delegates representing the ship owners. Those in favor of the proposal were the Government delegates of France, Germany, Holland, Japan, Italy, Spain, a French ship owner's delegate and ten seamen's delegates.

# K. C. TO GIVE MARSHAL FOCH VICTORY BATON

Will be Presented at the Unveiling of Statue of Lafayette in City of Metz

New York, July 3.—The Knights of Columbus announced yesterday that they would present a baton to Marshal Foch on the occasion of the unveiling of the statue of Lafayette in Metz, France, on August 21.

The baton was completed on Saturday by Tiffany, after eleven months' work. It is twenty and a half inches long and weighs about five pounds.

The baton, according to the announcement, will be the most ornamental and expensive ever presented to a Marshal of France. The body of the baton, which is six inches in circumference, is made of costly blue enamel, and inset are fifty-two stars in gold, each bearing the name of a State or Territory. Cuba is represented by a silver star set in the top of the wand.

The inscription on the gift is made in three places. At the bottom appear the names of the Marshal's principal victories—St. Gond, the second Marne, Metz and Strasbourg. Above this, in gold on red copper enamel, runs the legend, "Terrible in war, gentle in peace." Then, beyond the field of blue and stars, appears the inscription "Marechal Ferdinand Foch, 1914-1919," surmounted by the golden arms of France, the United States, Lorraine's double cross and the crest of the K. of C.

The baton is made of gold from California, sapphires from Montana and ore from Pennsylvania. It is hollow, to contain the illuminated address of presentation. The gift will be made by Supreme Knight James A. Flaherty of Philadelphia.

# EARLY 4TH CAUSE OF CHILD'S DEATH

Moline, Ill., July 3.—In a premature celebration of the Fourth of July, Thais Jennisch, 6 years old, was burned to death here last evening. A fire cracker set her clothing on fire.

# LEGION'S HEAD HITS DEMANDS OF SOCIALISTS

Wisconsin State Commander Declares Release of Political Prisoners Unwise

Green Bay, Wis., July 3.—The plea for the release of "political" prisoners now being made by the socialists and other radicals was denounced in the address of John C. Davis, state commander of the American Legion, who opened the state convention of the Legion here today.

Mr. Davis referred to the political activities of what he termed as "anti-Americans" and asserted that "every American should take a firm stand to combat the activities of political agitators inimical to America."

"Recently a political party had a state convention in a city of this state and one plank of the platform was that all 'political' prisoners should be freed," said Mr. Davis. "This party should change its name and be called the 'Backers of the Slackers party.' I also wish to refer to another plank of its platform on free speech and free press. I want to quote from a book you have read in which this statement is made: 'The beasts of the field have been tamed, but the tongue of no man has been tamed.' My stand is in the side of Jesus Christ and not on the side of the Socialist party."

One resolution to be advocated will declare that in the event of a strike the American Legion will observe a policy of strict neutrality and that no member of the Legion will take any action unless necessary to maintain law and order to preserve the institutions of the United States.

It appears that R. M. Gibson, state adjutant, will be re-elected without opposition.

Candidates for state commander include Clausius Pendill, commander Kenosha post; J. M. McGillan, Green Bay, and J. A. Askew, Milwaukee.

AN ADMIRABLE ASSEMBLY  
Supporter J. Warren Kerrigan in "The Turn of a Card," a W. W. Hodgkinson release, is an admirable company, which includes Lois Wilson, the talented young Southern beauty, who has already distinguished herself playing opposite Mr. Kerrigan in "A Man's Man." The production was made under the direction of Oscar Apfel, and is mounted in the same lavish manner that has won such unstinted praise for the handsome stars in previous screen successes. "The Turn of a Card" at the Bismarck theatre tonight.

# SLEUTHS SEEK CURE

Toledo.—Sleuths here are searching the bookstores for clues to those most given to reading the yellow backs of other days. They think that's the way to find the folks who pinned a skull and crossbones note to Mrs. F. H. Buhr's door. The note said: "Fair lady beware. Death is near."

Cleveland Chases Two  
Detroit, July 3.—Cleveland hit three Detroit pitchers hard and won, 10 to 3.  
Score: R. H. E.  
Cleveland . . . 006 020 200—10 12 2  
Detroit . . . 010 000 200—3 9 1  
Batteries: Coveleskie and O'Neill; Davis, Ayers, Okrie and Stange, Manion.

Boston Wins 10-Inning Game  
Boston, July 3.—Doubles by Vitt and Hooper gave Boston a 10 to 9 victory over Washington with one out in the last of the tenth, after Washington had a 9 to 2 advantage at the end of the sixth.  
Score: R. H. E.  
Washington . . . 103 104 000 0—3 13 1  
Boston . . . 200 004 111 1—10 12 1  
Batteries: Shaw, Erickson, Snyder, Courtney, Schacht and Gharvey; Karr, Jones, Elbel and Walters.

SOUTH ST. PAUL LIVESTOCK  
South St. Paul, July 3.—Hog receipts, 2,000, 50 to 75 cents lower. Range \$13 to \$13.75.  
Bulk, \$13.50 to \$13.75.  
Cattle receipts, 300. Killers steady. Fat steers, \$6.50 to \$15.50. Cows and heifers, \$5.50 to \$12.50. Calves steady, \$5 to \$11. Stocker and feeder steady, \$4.50 to \$12.50.  
Sheep receipts, 200. Steady. Range \$4 to \$14.  
Wethers, \$4 to \$7.  
Ewes, \$3 to \$6.

The first assurance society in the United States in 1759 was designed for the relief of the widows and orphans of deceased clergymen.

The sun is hot enough to melt, on its surface, an envelope of ice.

## The Sedan With Nimble Stamina

Triplex Springs and Alloy Steels of Finest Grade Insure Extraordinary Performance

SWUNG NIMBLY over every kind of road in every part of America, ninety-seven Overland Sedans, with an average of 25.2 miles per gallon, recently gave another demonstration of exceptional performance. Triplex Springs give this car all the riding comfort of a large luxurious car; and contribute to its economy by saving wear and tear. The ventilation and adjustable windows insure comfort in warm and cold weather.

# PLAN DIVISION OF HUGE RAIL EQUIPMENT FUND

Northwestern Roads to Get Millions for New Rolling Stock Under Present Plan

Washington, July 3.—Detailed recommendation for the distribution of the sum set aside out of the \$300,000,000 revolving fund provided by the transportation act for the purchase of new equipment and for additions and betterments were made to the Interstate Commerce commission today by Thomas Dewitt Cuyler, chairman of the Association of Railway Executives.

The report proposes the distribution among the roads of \$85,000,000 to be used in rebuilding and repairing 12,618 cars and locomotives and in the purchase of 8,999 new locomotives and 45,000 freight cars and \$35,000,000 for additional and betterments to promote the movement of cars.

The committee also recommended reserves from the fund for smaller roads not members of the association as follows:  
For equipment \$7,750,000, and for additions and betterments \$4,700,000.

The Northern Pacific would receive \$1,850,000 and the Great Northern \$1,375,000 out of the \$26,000,000 for purchase of locomotives.

Of the \$35,000,000 addition and betterment fund, the Northern Pacific would receive \$2,400,000 and the Great Northern \$1,550,000.

Of the \$52,000,000 for the purchase of freight cars, the Chicago, Milwaukee and St. Paul would receive \$3,150,000; the Chicago, Burlington and Quincy \$2,975,750; the Northern Pacific \$1,749,900, and Minneapolis and St. Louis \$1,240,000.

It is understood that the commission is prepared to act promptly upon these resolutions.

THORNE GIVES DEMAND  
Washington, July 3.—Freight rates must be increased 55 1/2 per cent if the roads' demands for increased freight tariffs and the men's demands for increased pay are granted, and the whole burden placed on the freight traffic, the Interstate Commerce commission was told today by Clifford Thorne of Chicago, representing shippers.

Mr. Thorne recommended that the wage advances be added without further hearings to the costs on which the roads now base their request for advanced freight rates; that a 5 per cent increase be made in passenger rates with the balance of freight tariffs to care for the present case, and that any advance occasioned by the wage decision be spread out over the entire earnings of the railroads from all sources.

"An added burden of two billions of dollars annually or more than 50 per cent suddenly placed upon the freight traffic of the United States would be overpowering," Mr. Thorne declared. "No man could foretell the consequences."

# LOUBEK COMPANY SHOWS QUALITY OF ESSEX CAR

R. B. Loubek Motor Co. is demonstrating today to the public what can be done with the Essex car. On July 1st this company started off one of their four cylinder Essex cars to run by its own steering in a circle in order to test what could be done in low gear. This car started to run on Friday, July 1st, at 9 a. m. and continued to run in a circle without any one to steer it and kept this operation up until 9 p. m., making twelve hours in all that this car was running, and during this time the motor did not overheat like other cars would running in low gear. There was four gallons of gasoline put in the tank at the start and during this twelve hours' run only half of this gasoline was used. Oil was placed in the car only at the start off. This car can be seen in operation on Main street between 5th and 6th streets in the open lot there, and they invite the public to visit this location to witness the remarkable operation of this quite wonderful Essex car.

GRAND FORKS VOTE  
Grand Forks, July 3.—On the face of returns Grand Forks has adopted the commission plan of government by a small majority.

NOBODY LOVES 'EM  
Philadelphia, July 3.—During the series with the Reds here Greasy Neale was crowned by a wooden rooster for the Heydler tail-end ball club.

ALIBI FAILS  
Dallas, July 3.—When the cops smelled the stuff that cheers, in D. E. Dunlop's basement, Dunlop tried to "pull a whizzer." "Belongs to the colored gardener." But it didn't and Dunlop later told the truth in court and paid \$100 fine.

WOMAN CHARGED WITH MOONSHINING  
Akron, July 3.—Mrs. Anna Marlon has the distinction of being the first woman here to be charged as a moonshiner. The police say she had two big stills, worth \$2800 and capable of producing 100 gallons of liquor a day, operating in her house.

# THE MODERN COBBLER

need not work far into the night and rise early with the lark in order to have your shoe repair job completed on time. Modern shoe making and repair machinery, just like the machines in the big shoe factories, save him many weary hours of toil and turn out a better job than he could by hand. We have all up-to-date machinery here.

## KIDDIES LIVE OBSERVANCE OF FOURTH OF JULY

Sports Form Chief. Entertainment; Flags, Fly from Houses and Flagstuffs

The Fourth of July celebration in Bismarck was confined mostly to sports for the older people and promiscuous shooting of firecrackers by young America.

There was no planned celebration. The golf and tennis tournament at the Country club and three baseball games furnished most of the entertainment on Monday.

But even firecrackers failed to boom with the frequency of former years, and display fire works were totally absent.

Several kiddies showed their patriotism by wearing dresses made out of red, white and blue bunting.

The tennis matches held at the Country club Sunday, developed the Hazen team as champions. Hazen won 5 matches. Bismarck 3, and Omaha 2. The mixed doubles were won by Roland Paterson and Miss Homan.

The ball game, which was to follow the tennis tourney was called off, not to interfere with the visitors who were using the golf links. The baseball diamond is on the golf links.

Fourth of July dinner and dance last evening at the Country club was well attended.

Save money by attending our Hat Sale. Nielsen's Millinery and Waist Shop.

## BENNY LEONARD SEIZES CHANCE TO FLOOR WHITE

Chicago Lightweight Loses Best Chance in Career to Win Championship

Benton Harbor, Mich. July 6.—Charles White, of Chicago, six times contender for the world's light weight boxing championship realized today he had lost his greatest opportunity to win the title through sheer carelessness.

White fought the battle of his career. The Chicago lightweight comically outfoiled Benny Leonard in five of the first eight rounds of the championship match, only to be knocked out in the ninth when he rushed out of his corner with his guard down and gave Leonard the opening he had been seeking.

White had been growing stronger as the bout progressed while Leonard apparently was becoming tired and feeling the effects of his vicious blows.

In the eighth round the challenger knocked Leonard into the ropes and half-way out of the ring. Leonard apparently won. White rushed madly from his corner. Leonard coming out slower. Leonard stepped forward and like a flash shot a hook to the peak of White's chin. The Chicagoan's legs flew up from under him but instead of taking a good one in order to reach the ropes in his feet only to be floored the second time. How many times he was knocked down was question of dispute today as the champion landed so quickly with the six-inch punches that it was almost impossible to keep in touch with them. Ring fighters agreed that White went down five times.

White claimed he could have claimed the championship on the fifth round on a foul when Leonard's seconds aided him, but he said he would not claim a match this way.

Leonard plans to leave for New York today. The champion declared he was ready to accept any matches offered. He bore no marks except a couple of cuts. White was badly bruised.

Will Rogers says: "Jes' Call Me Jim" and you will when you see him at the Orpheum tonight.

## DEMOCRATIC CANDIDATE

(Continued from Page One)  
child. A previous marriage in 1913 when Cox was a reporter on a newspaper, was unsuccessful and was terminated several years ago by a decree of divorce after an uncontested hearing. No blame attached to Cox. Friends of the family say.

Will Rogers says: "Jes' Call Me Jim" and you will when you see him at the Orpheum tonight.

## BIG LAND BARGAIN

This is a chance of a life time. 117 acres of good land cornering the city of Bismarck. The N. P. railway spur running to Ft. Lincoln parallels this choice piece of land on the west, and the South Soo, and also the Red Trail on the north. And with the rapid expansion of the city of Bismarck on the eastward it will only be a few years until this will be used for manufacturing purposes, as cars can be switched right to your door, and this choice suburban property will be known as East Bismarck. A friend who knows conditions in Bismarck and vicinity said that this land is cheap at \$200 per acre. Price for quick sale \$85 per acre one-third cash.

## BURLEIGH LOSS IS MOURNED BY LEAGUERS HERE

The loss of Burleigh county by the Nonpartisan league was mourned at a victory celebration held by league leaders here yesterday. Senator King, who the day before election said he had not noticed any change in the alignment of voters, promised to put Burleigh county back in the league column in the fall. Though the primary has ended the speeches of leaders was marked by the same bitter class hatred that characterized the speech of A. C. Lowmyer here before the primary.

Governor Frazier is reported to have declared that intimidation was being practiced on farmers by bankers and others opposed to the league. He said that the farmers must retaliate against the townspeople.

## Can the Baby Roll With Safety on Your Rugs?

Youngsters will toddle and tumble and roll. It's a happy, human trait—but have you made provision for it in your home, so that the health of your little ones can be properly safeguarded?

A good precaution is to be sure that the washable rugs in the nursery, in the bed rooms and elsewhere in the home are always properly clean.

And it is no trouble to keep them that way if you will just send them to us once in a while for laundering.

Our laundering method is good for rugs. Yes; our Dry Cleaning department is the best in the state and we employ only experts who know how to bring back that entire newness to the garments that you think can not be restored to its new appearance again. All we ask is a trial to convince you.

Telephone and we will send our driver.

Send it to the Laundry

## J. F. DOUGLAS AND FAMILY HERE ON LONG AUTO TRIP

Seattle Visitor Enthusiastic  
Over Progress Made on Red  
Trail Highway

J. Frank Douglass and family, of  
Seattle, were holiday visitors in Bismarck  
on their return from an ex-  
tended trip east, going overland in  
their Buick touring car. Mrs. Florence  
Davis, city librarian, and her  
daughter, Elaine, breakfasted with  
the Douglas family and spent a de-  
lightful hour renewing old times and  
scenes at Bathgate, North Dakota.  
Bathgate was the home of Mrs. Davis  
and Mrs. Douglas, formerly Ne-  
va Bostwick. They also met the R.  
D. Hoskins family for a brief visit.

Mr. and Mrs. Douglas are both  
graduates of the University of North  
Dakota and are much interested in  
hearing of the success and promi-  
nence of their fellow students since  
leaving the institution. Before go-  
ing to Seattle, where he is a promi-  
nent promoter of that city's interests.  
Mr. Douglass took his degree in law  
from Harvard.

Mr. Douglas, who grew to manhood  
at Gratton, and Hoople, enjoyed taking  
his family, John, James and daughter  
Neva over the old home scenes in  
Red River valley on their way  
through. While in town Mr. Douglas  
met Secretary Keniston of the Com-  
mercial club and had a discussion  
of the Red Trail transcontinental  
highway. He was much pleased to  
learn that Bismarck already has  
a plan under way for a tourists' park,  
as outlined by Mr. Keniston. In the  
opinion of Mr. Douglas the new Bismarck-Mandan bridge will be a great  
link needed in the highway between  
the east and the west and he is pre-  
pared to find Bismarck as a result, a  
tourists' center for the Red Trail.

## Well Known Slope Couple Married

Announcement of the marriage of  
Miss Anna O. Hagen, daughter of  
Rev. and Mrs. O. J. Hagen, of Cul-  
bertson, to Frederick W. Mann, of  
New Salem.

The couple will make their future  
home in New Salem. The wedding  
occurred at the residence of Rev. Hagen  
in Culbertson on June 23, the  
bride's father performing the cere-  
mony. The groom is a successful  
merchant in New Salem and is the  
son of W. H. Mann, who was railroad  
commissioner for eight years. The  
bride is a graduate of the Culbertson  
high school and the Valley City Normal.  
They are motor for the year up  
to July 1 are given at \$32,070 tons of  
anthracite and \$62,000 tons bituminous;  
for the same six months of 1919 the  
receipts were \$63,000 tons anthracite

## COAL DOCKED AT DULUTH IS BELOW NORMAL, REPORT

Duluth, Minn., July 6—Receipts of  
coal at the Duluth-Superior docks dur-  
ing the month of June totaled only  
217,500 tons of anthracite and 715,000  
tons of bituminous, according to fig-  
ures given today by the Tomlinson  
company, Duluth agents. This is ap-  
proximately 900,000 tons less bitumi-  
nous than was brought up the lakes in  
June last year and nearly 58,000 more  
of anthracite than last year.  
The total receipts for the year up  
to July 1 are given at \$32,070 tons of  
anthracite and \$62,000 tons bituminous;  
for the same six months of 1919 the  
receipts were \$63,000 tons anthracite

## There's No Picture Like the Picture of Health

The greatest masterpiece in the  
Art Gallery of Life is Nature's  
Picture of Health.

It is a marvelous portrayal of the human  
body at its best. One beholds in its com-  
posite a true symbol of strength. It presents  
a figure with a sparkling appearance in its erect car-  
riage, clear skin, sparkling eyes, strong limbs,  
steady nerves and firm muscles; fairly vibrat-  
ing in animation, clean, alert, fresh, and  
spirited; with an air of unbounded confidence  
and a face radiant in color and illuminated  
with a glow of hope and cheerfulness.

**LYKO**

The Great General Tonic

Nothing is more efficacious as a restorer of exhausted nerves and  
physical forces than LYKO, the great general tonic. It tends to re-  
new the worn-out tissues, replenish the blood, create new power and en-  
durance, and revive the spirits of those who are weak, over-  
worked, or suffering from the results of nervous strain, worry or over-  
work. It is a reliable restorative, a splendid aid to digestion and a  
functional regulator of the liver, kidneys and bowels.

All druggists sell LYKO. Get a bottle TODAY and you'll com-  
mence to look more like the picture of health.

Sole Manufacturers: LYKO MEDICINE COMPANY  
NEW YORK KANSAS CITY, MO.

## LEAGUE OFFICE IN GOOD HANDS

Office management of the Non-  
Partisan League, Mitchell, S. D.,  
is now under the capable direction  
of O. P. Reitan. He received his  
training for this responsible position  
at Dakota Business College, Fargo,  
N. D. Miss H. Soldin, stenog-  
rapher-secretary in the same office,  
is also a D. B. C. graduate.

Positions of trust are so often held  
by graduates of this exceptional  
school, because students are trained  
to develop initiative.  
"Follow the Successful." Enter  
summer school now. Write F. J.  
Warkins, Pres., 806 Front St.,  
Fargo, N. D. for information.

## Is Your Skin Ablaze With Fiery Itchings?

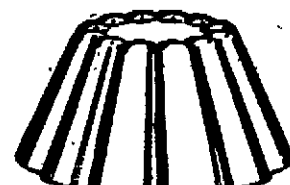

Don't Continue to Suffer Because  
of Wrong Treatment

Impurities in the blood cause  
millions of tiny disease germs to  
set up their attack on the sur-  
face of the skin, and in the form  
of pimples, boils, scaly eruptions  
and itchy, burning irritations, be-  
gin their disfiguring and destruc-  
tive work.  
These disease germs can be  
reached only through the blood.

and local applications have no ef-  
fect, whatever. That is why salves,  
ointments, lotions, washes and  
other remedies applied to the skin  
can do no more than give mere  
temporary relief.  
If you want genuine relief from  
the tortures of skin diseases, lose  
no time in disregarding all local  
remedies, and begin taking S. S. S.  
For full information about your  
own case, write Medical Director,  
Swift Laboratory, Atlanta, Ga.

## Save Sugar

By serving Jiffy-Jell Real-Fruit Desserts

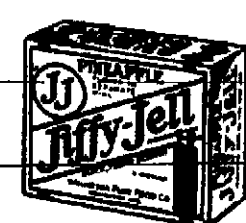

Jiffy-Jell desserts are rich  
in fruit. A bottle of condensed  
fruit juice comes in each  
package.

They are ready-sweetened  
and acidulated. You simply  
add boiling water, as directed  
on package, then the liquid  
fruit essence from the vial.  
Also mix in fresh fruit, if de-  
sired, and let cool. No sugar  
required.

Jiffy-Jell is economical. One  
package serves six.  
It saves your sugar, for we  
put the sugar in it.

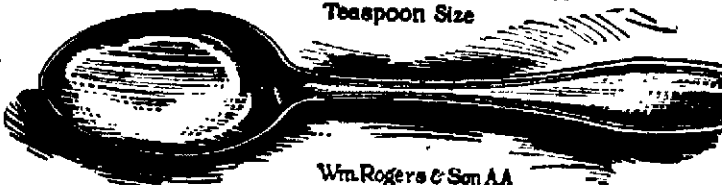

It is rich in fruit, for the  
bottle of flavor is the con-  
densed juice of much ripe  
fruit.

Millions have adopted Jiffy-  
Jell as the ideal fruit dessert.

10 Flavors in Glass  
A Bottle in Each Package

THE STATE'S OLDEST NEWSPAPER  
(Established 1873)

## THE COST OF KILLING

Mrs. Hattie Dixon arrived in Sing Sing, N. Y., the other day. Which is announcing to the world that the state of New York has a new boarder in the death cell. Mrs. Dixon, a murderess, was sentenced to die. And New York is going to kill her, the higher court not intervening.

The warden estimates it will cost New York \$7,000 to execute this woman. They have hired three keepers to guard her, for New York is afraid the condemned woman might escape the "chair" by taking her own life, and New York doesn't want to be "cheated" of this opportunity to kill a woman—a mother. Which will be the third time New York has legally executed a woman. Nothing to brag about. So it were better to turn attention to another phase of the execution.

New York is treating Mrs. Dixon very nicely. Indeed, no ordinary host is New York. The state's guest has been installed in a specially constructed death house. The state has hired three matrons to attend the woman. New clothing has been purchased for Mrs. Dixon, and the finest meals are served her. Every little want is anticipated and catered to. New York thus plays the role of host. All of this is costing the state about \$700 a month. The average person remains in the death house 10 months. Total cost: \$7000.

In payment for which the state kills the woman.

Seemingly, the only thing worrying New York in connection with this case is the high cost of executing Mrs. Dixon.

Evil perpetually tends to disappear.—Spencer.

## GETTING ATTENTION

Many is the husband who is so concerned with thoughts of his own that he leaves unanswered the wife's questions.

And many more—the wiser ones—have trained themselves skillfully to stand at attention when their better halves speak, and to have "yes, dear," or "uh-huh, dearest," upon the tip of the tongue for feminine commands.

That is why few of these highly trained husbands ever break into the divorce court, or the hospital.

But it was not so with Mr. Charles Cleek, of Chicago. According to his testimony in the Court of Domestic Relations, he was so absent-minded, so concerned with his own thoughts that often he didn't reply when his wife spoke to him. She, it appears, required the full attention of her husband when she addressed a remark in his direction. And, again reverting to the evidence in the case, when that attention was slow in coming, it was her pleasant practice to "bean him with a poker or alarm clock, or whatever happened to be handy."

That isn't a nice practice for wives. It is injurious to alarm clocks, and misplaces pokers needed for winter fires. In the Cleek case it got the husband into the hospital and divorce court.

The judge thought a better method of attracting one's husband's attention would be to kiss him, or prepare a fine dinner for him, or wear one's prettiest frock, or something equally pleasant. That sounds reasonable enough, doesn't it?

The advice isn't copyrighted, or patented, or nailed down, so go ahead and use it, Mrs. Wife. You know, it is worth while trying anything once!

Cuba is rapidly getting a monopoly of the human sponge.

## THE ARMY RATING SCALE

Walter Dill Scott did a notable thing for the army. He devised a "rating scale" according to which officers could make fair and reasonable estimates of each other on which promotions were based.

The essence of the scheme was to have men rated by those who knew them best as better or worse than other living men, and not as reaching a certain point on some purely arbitrary scale of perfection. To say that Tom is better or worse than Dick, whom everybody knows, means far more than to say that he deserves a grade of 80, when nobody knows what 80 means to the man who says it.

Scott's scale was made as follows:

Each officer wrote down the names of about a dozen officers of his own rank whom he knew well, including good, bad and indifferent. Then he picked the one who was highest in some one given respect, like physique (including bearing, neatness, voice, energy and endurance) and wrote his name at the top of a second slip of paper. Then he picked the one who was lowest in this

same quality, and wrote his name at the bottom. Then one in the middle, who represented the general average, half way between the highest and the lowest. Then a fourth man whom he called high, half way between the middle man and the best; and a fifth, whom he called low, half way between the middle man and the lowest.

In arranging these names for his scale he was to think of nothing but physique.

The same method was used for other qualities, each officer making a different rating scale for each different quality estimated.

The same method can be used in rating school children, craftsmen, salesmen and others.

A square meal usually leaves one flat.

## THE ENGLISH PLAN

The British cabinet has formulated a new railroad program, which is to be presented to the House of Commons for vote.

Briefly, the plan is:

1—Nationalism is definitely ruled out.  
2—The state is to withdraw its financial guarantee.

3—The existing companies are to retain the management of the railways, with the ministry of transport exercising a general supervision in the interests of the community.  
4—The country is to be divided into zones, with a joint committee for each to increase the efficiency of cross-country services.

5—Ports are to be provided with railway facilities without reference to the interest of one company or another.

The idea being to take the government out of the railroad business excepting for that supervision, or control, necessary to guarantee the public's protection. Transportation rates are to be based upon the railroads' needs, not on what some politician thinks they ought to have. This removes the necessity for a national subsidy.

There'll be fewer railroad companies, and these will be more strongly entrenched in their respective territories. Holding companies, which do not operate roads they own, must go out of business. Only railroad companies operating railroads are to be considered as railroad companies and permitted to exist.

## A FRIEND OF WOMEN

Old Daniel Defoe, who gave us Robinson Crusoe, must rejoice in his well-deserved celestial abode over the good news that there have just been graduated into the professions about 5,000 American women.

Besides being a great romancer, Defoe was a progressive thinker of the first order and he had many a tilt with the conservatives of his time who said a little knowledge was a dangerous thing for a woman.

"I have thought of it as one of the most barbarous customs in the world, that we deny the advantages of learning to women," said Defoe in the 18th century, casting thus a bomb shell into the camp of the reactionaries.

His is the first recorded admission by any man that women are mentally as competent as men and equally entitled to education.

He pointed out that women spend their youth learning "to stitch or sew, or make baubles." And he asked: "What is a man good for that is taught no more?"

"Does woman plague us with her folly and impertinence? Why did we not let her learn, that she might have more wit?"

"I can not believe that God Almighty ever made women so delicate, so glorious creatures \* \* \* with souls capable of the same accomplishments with men, and all to be only stewards of our houses and cooks and slaves."

He made the revolutionary proposal that an academy for women be opened in London and was hooted down as a radical.

His was the first declaration of independence for women and when woman's suffrage wins the 36th state, the author of Robinson Crusoe deserves a front seat among those who are entitled to some of the credit for the emancipation.

Long green whitewashes many black records.

Just what is Poland seeking, besides trouble.

The knocker and his welcome are soon parted.

Some people try to do much good, and some try to do many good.

They are small men who are addicted to that important feeling.

The fool that eats until he is sick must fast until he is well.—Thornbury.

At this season, weeds are given mandatory control of the average garden.

Adam had his troubles, but Eve never accused him of associating with wild, wild women.

A wife begins to talk about new furniture about the time a man learns to love the old stuff.

People would be a better lot if they cared as much about heaven's opinion as the neighbors'.

The difference between a wise man and a fool is that the wise-man agrees with your opinions.

It is hard to convince some statesmen that the distress of Armenia is more important than their need of jobs.

AMERICAN TROOPS ON RHINE KEEP FAITH WITH ALLIES TO FINISH THE GAME

BY MAJ.-GEN. HENRY T. ALLEN, Commanding U. S. Troops On the Rhine.

(Special Cable to N. E. A.)  
Coblenz, Germany, July 6.—That American forces are on the Rhine 20 months after the signing of the armistice, is simply outward expression of the honorable intent of the United States not to leave the field until the game is ended.

The Stars and Stripes flying from the "Gibraltar of the Rhine" proclaim in no uncertain terms that the great nation of the west has recognized its mission amongst other nations of the world in behalf of justice and civilization.

The wildest flight of imagination a few years ago could not have pictured Ehrenbreitstein held by Americans as a pledge of good conduct on the part of mislead Germany.

The faithful execution of requirements of the nations who fought in righteousness for the welfare of the world, demanded that these colors be unfurled with the Allied watch on the Rhine. They appeal to the thousands who were constrained to follow leaders and accept doctrines of which they disapproved.

Unstinted recognition, by allies and Germans alike, of the great importance of American occupation in stabilizing conditions in Central Europe and in eliminating martial unrest, confirms the wisdom of the policy.

Fourth of July finds America the only nation of war—technically though it be—with the late arch-enemy of the American people on the Rhine; and has been, administered largely on a peace of justice without vindictiveness.

The presence of occupying armies is itself one of the severest punishments that can be administered to a defeated nation.

What then is the lesson to be drawn from America's participation with the allies in exacting from Germany faithful compliance with the imposed conditions by maintaining a force of 16,000 soldiers on the Rhine?

This military holding proclaims the fact that states obsessed with the lust of conquest and a disregard of the rights of others reckon with America—that our participation on the Rhine, like our entrance into the war, is for the welfare of justice and liberty, and that under the Stars and Stripes no selfish policy or ambitious aim is concealed. And finally—that the allies of America may reckon upon continual and hearty cooperation, just as the enemy may reckon upon unqualified justice.

SEVERE ITCHING BURNING PIMPLES

On Face, Neck, Chest, Caused Disfigurement, Scratched, Cuticura Heals.

"Pimples broke out over my face, neck and chest. My face was so sore I could hardly touch it. The skin was sore and red, and the itching and burning were so severe that I scratched, and would lie awake three or four nights out of five. The pimples later took form in scales and peeled causing disfigurement."

"I was bothered about a month when I saw Cuticura Soap and Ointment advertisement, and after using six cakes of Cuticura Soap and two boxes of Ointment I was healed." (Signed) Mrs. J. E. Griffin, Elaine, Kansas, June 7, 1919.

"Delicate, sensitive skins with tendency to pimples, redness or roughness, should not be irritated by strongly medicated soaps. Why not use for every-day toilet purposes, Cuticura, a delicate soap, touching the first signs of pimples with Cuticura Ointment?"

Do not fail to include the exquisitely scented Cuticura Talcum in your toilet preparations. Sold everywhere at 25 cents each. Sample sent by mail. Address: CUTICURA, Dept. R, Malden, Mass.

HORNSBY BANGS OUT 100TH HIT IN BIG LEAGUES

Babe Ruth Keeps Up Terrific Slugging, and is Now With in Five of Record

Chicago, Ill., July 6.—Roger Hornsby, the St. Louis star, banged out his 100th hit of the season in Wednesday's game against Cincinnati, the first player in the National league to touch the century mark. Hornsby slipped slightly in his batting, but continued to hold a comfortable lead among the regulars who have participated in 35 or more games, according to averages released today and which include games of Wednesday. The St. Louis crack is topping the hitters with an average of .330, which was made in 65 games in which he was at-bat 203 times. His total base mark of 157 is the highest in the league and includes nineteen doubles, ten triples and six homers. In addition to this record the St. Louis favorite in sharing run-scoring honors with Max Flack of Chicago. Each has registered 46 times.

Other leading batters: E. Smith, New York, .324; Nicholson, Pittsburgh, .323; Robertson, Chicago, .322; Dauter, Cincinnati, .321; Williams, Philadelphia, .320; Cruise, Boston, .322; Roush, Cincinnati, .321; Kelly, New York, .314; Myers, Brooklyn, .314; Plack, Chicago, .313.

The batting of "Babe" Ruth the home run king of the New York club, continues to be the chief topic in the American league. The big southpaw slugger bagged a brace of homers in Wednesday's game, giving him a total of 24 only five behind the world record which he made last year in addition to cracking out home runs, Ruth is steadily climbing to the top among the batters of the league who have participated in 35 or more games. The big fellow is hitting .374; just twenty points behind Tim Lincecum of Cleveland and Joe Jackson of Chicago who are sharing the honors of runners up to George Sisler, the St. Louis star, who is batting .411. Speaker and Jackson are hitting .394.

Ruth, besides his batting powers is out for other honors. He has tied Speaker the Cleveland manager, in number of runs scored. Each has registered sixty-three times.

Race of Washington pitched five bases in the past week and is far out in front among the base stealers with 30 thefts. His nearest rival is Roth, a teammate who has stolen 19 bases.

Other leading batters: Weaver, Chicago, .356; Milan, Washington, .355; Johnston, Cleveland, .351; Rice, Washington, .350; Felsch, Chicago, .339; Judge, Washington, .332; Geddon, St. Louis, .322; E. Collins, Chicago, .321.

Ben Tincup, Louisville's Indian pitcher, suffered a baffling slump during the past week and as a result is only seventeen points in front of the Milwaukee first baseman, who is hitting .336. Tincup's average is .407.

Harvorge of St. Paul cracked out another home run during the past week and has led the league in home runs for the week with a total of 10. He has also led the league in home runs for the week with a total of 10.

Other leading batters: Hatley, Columbus, .370; Wickland, Toledo, .367; Wade, Minneapolis, .346; Butler, Milwaukee, .347; Rapp, St. Paul, .327; Henry, Columbus, .321; Duncan, St. Paul, .325; Sweeney, Kansas City, .314.

BASEBALL CLUB CELEBRATES WITH THREE BIG VICTORIES

Fans See Fine Exhibition of the National Game at Capitol Park—Braddock and Underwood Furnish Strong Opposition But Fall Before Onslaught of Local Men—Bismarck Team Strengthened by New Local Players

It takes two principal ingredients to make a regular ball club—real players and real fans. The Bismarck Athletic club demonstrated yesterday that it has the former; it is now up to the fans to show the players that Bismarck has the latter by rallying to the support of the team.

There was a big crowd out yesterday for the holiday series with Braddock and Underwood, and the crowd saw three of the best games that have been played in this section of the state in many moons.

Dyed-in-the-wool fans declare Bismarck never had a better team in the field than was on the diamond Sunday. Three nine-inning games were played Sunday, an awful grind for any ball club, but the team went through the long route playing with pep and getting better as the games progressed.

Classy Opposition

The local club was up against real opposition, too. Both Braddock and Underwood were strengthened for the series with salaried players from

other towns, and both had a number of players of exceptional ability. Perhaps the management of the local club can take some credit for the showing, because no team can go the distance unless there is absolute harmony and every player is on his toes. Parking of automobiles was regulated so that every occupant in every car in the grounds had a fine vision of the game, and a special policeman kept the crowd from swarming over the field. Two umpires worked in each game in good style, in spite of the questioning of decisions and arguments of over-anxious players, keyed up to fight all the way to a win.

Fast Ball

The Bismarck club has a number of games in view with teams of fine caliber, and the fans will have the opportunity of seeing good ball games all through the present season.

Sunday's game was to have been with Braddock players, but the rain made it impossible for the Braddock players to get here over heavy roads, and the prison team was played. Braddock came on for a game yesterday morning, and the afternoon games were with Braddock and Underwood.

The afternoon games were both fast. It is unusual, even in the big leagues, for teams to play a double-header in four hours, and this was the time required for Monday's games.

In the morning game Bismarck beat Braddock 3 to 1 and in the second game with Braddock won 5 to 0. The team refused to spoil a perfect day and won from Underwood 6 to 0. Clean fielding was one of the reasons for the low scores of the club's opponents and good pitching was another. In the last game the Bismarck team played errorless ball, in the second game one error was chalked up and in the first, three were recorded.

Needham Stars

"Lofty" Needham, the club's star southpaw, hurled 18 innings and allowed but one run and 5 hits in the two games. Padgett hurled a splendid game in the second, letting Braddock down with 4 hits and achieving a shut-out. Powers caught the entire 27 innings and went through the long grind in splendid shape.

The afternoon game with Braddock was scoreless until the lucky seventh.

KI-MOIDS

the new aid to better digestion. Pleasant to take—effective. Let Ki-Moids help straighten out your digestive troubles.

MADE BY SCOTT & BOWNE MAKERS OF SCOTT'S EMULSION

Then the Fourth of July fireworks started. The local club worked a hunting game perfectly in this session, coupled with some timely slugging. With Powers and Needham on bases, Dolly Elder got a Texas leaguer in center, scoring two men. With Roberts and Elder on third and second Frankenhoff hit to short and both scored when the catcher allowed the ball to go through him. Frankenhoff scored from second on Nordland's drive to center. This fire was the total number of runs in the game.

Last Game Easier

The game with Underwood was easier, the local club gathering two markers in the first through errors on the part of Underwood players, the errors being well distributed. In the morning game Bismarck scored her three runs in the first inning, with Frankenhoff, Bachman and Nordland doing the heavy lifting.

NOTES OF THE GAME

Dolly Elder introduced the fans to some speedy work in the last game when he ran from shortfield past second and grabbed a hot one.

Joe Boehm ran clear back of the automobiles parked along the right-field foul line and caught a high one. It was so far away the umpire had to take the word of the autolists for Joe's feat.

Bob Loubek ought to have a steady job umpiring. He did it well, and was on every play, giving the best he had.

Franky Frankenhoff had some tough luck. He lined out some good ones, and excellent catches robbed him of hits.

Powers used his noodle in the eighth inning of the second game of the afternoon when he started to bat. Just as he was ready he saw a hole and pushed the ball between first and second.

Eisenmann, of the Underwood team, made a nice catch of one of Roberts' drives in the fourth inning of the second game.

Let's hope Connie Mack don't get a slant at Nordland. Connie's team is in last place, and he needs first class players. Nordland was the batting star of the day.

Bismarck don't need to hire an outfield. Nordland, Roberts, Boehm and Padgett performed nicely.

Lade and Bachman added a lot of strength to the team at second and third, respectively.

Braddock was disappointed. The team has been going like a house afire, having something like eleven straight wins to its credit.

Good sportmanship was shown on the part of both the Braddock and Underwood players.

There's only one bad thing about Capital ball park. Being located under the shadow of the halls of legislative debate, the desire to argue sometimes becomes so contagious that the whole Bismarck team has to participate.

# Firestone Giant Cushion

This truck tire bridges the gap between Solids and Pneumatics, and, we believe, answers the problem of more truck users in more lines of business than any other heavy-duty truck tire built.

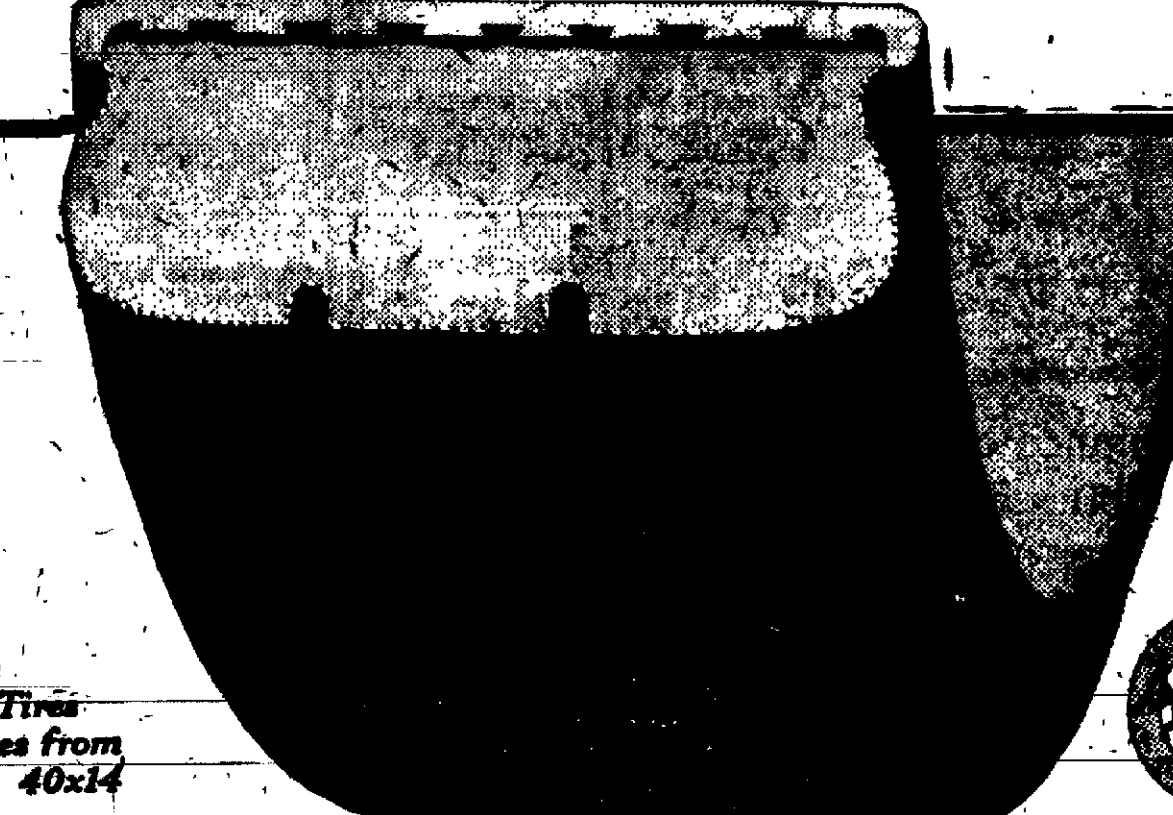

It combines great resiliency with long mileage. At a cost only slightly higher than that of Solid Tires of equal rated size.

Its truck-mile cost and tire-mile cost in most instances is much lower even than solid equipment.

Note the contour of the cross section—the extra amount of rubber, width of tread. This gives broader road contact, more effective traction, greater cushioning to the load and longer life for tire and truck.

No wheel changes necessary. No change of gear ratio required. Fits any S.A.E. Base. Can be applied to any standard truck wheel without delay and without additional expense. Complies with highway laws—municipal, state or federal.

The Cushion Tire is Firestone's answer to the majority of truck needs today.

Firestone Cushion Tires in all sizes from 32x3 to 40x14

There are Firestone Truck Tire Service Stations in every trucking center of the United States

MIKE GIBBONS TO MAKE VISIT HERE

Mike Gibbons, the St. Paul middleweight, has announced his intention of making a tour of several northwest cities, including Bismarck. It is announced by Gibbons' headquarters in St. Paul that he has received a number of letters from people in northwest states asking that he aid in organizing amateur boxing associations.
